

2011 Cub Shirt Badge Layouts

With the addition of the new shirt, and the 3 year phase out of the old one, please use the following plan, to determine where best to place badges on the shirt/sash. We have tried to avoid sewing on pockets, where possible. There is no "wrong place", but most people want to know where it all belongs... ☺

Notes:

1. There is no specific order within the groupings of badges or stars. (in fact, there are duplicates in the photo)
2. Camp and Event Souvenir badges, can go on a campfire blanket.

Questions? Please ask.
